

Wind Farm Noise Studies by Spectrum Acoustic Consultants

Spectrum Acoustic Consultants is one of the UK's leading Noise and Vibration Consultancies with particular experience in wind farm projects.

The work we undertake typically includes:

- Preparation of the noise section of an Environmental Statement
- Expert Testimony at Inquiries
- Long term background noise surveys to ETSU-R-97 with up to 4 noise and 1 weather monitoring stations. No charge for equipment hire
- Latest Noise Prediction software for new sites. Colour noise contours
- Commissioning Noise Tests
- Discharging of Noise Planning Conditions
